

SafeTap™

A Full Line of
Environmentally-Safe
Tapping Fluids

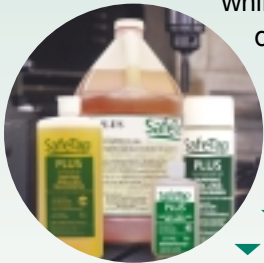

Raising the Industry Standard

TW ROCOL™ North America

▼ The SafeTap™ family of environmentally friendly tapping fluids from ITW ROCOL North America offers high performance in a wide range of formulations for use in nearly any application and work setting.

▼ SafeTap Plus

SafeTap Plus is a unique blend of synthetic additives creating a water based tapping fluid. The purpose of SafeTap Plus is to improve tool life and give better threads in tapped holes while providing the worker with a safe and clean environment.

- ▼ Higher Viscosity & Lubricity
- ▼ High in Rust Protection
- ▼ No Oily Residue
- ▼ No Mineral Oils or Solvents
- ▼ Water-Based Formula For Easy Clean-up
- ▼ Safe for All Metals

▼ SafeTap Stick

A natural lubricant in a convenient stick form that can be used on grinding wheels to allow them to cut freely and improve wheel life. SafeTap Stick is excellent for belt-grinding applications, giving better

finishes and increased belt life. SafeTap Stick can also be used on saw blades to improve blade life.

- ▼ Eliminates Heat Buildup & Belt Loading
- ▼ Extends Wheel & Belt Life
- ▼ Environmentally Safe
- ▼ Safe for All Metals

▼ SafeTap Ultima

SafeTap Ultima is an ultra-clean, high performance, environmentally compatible tapping fluid.

- ▼ 100% Biodegradable
- ▼ Water-Clear
- ▼ All Natural Ingredients
- ▼ Non-Staining & Odorless
- ▼ Safe for All Metals
- ▼ Excellent for Aluminum

It is the Ultima in Tapping Fluids.

▼ SafeTap Paste

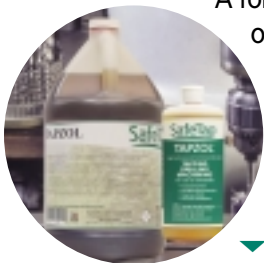

A gel-like paste of natural ingredients excellent for tapping and hand-held grinding applications requiring high lubricity. It can be applied by brush or by dipping the tool directly into the jar.

- ▼ Ideal for Tapping Blind Holes
- ▼ Easy to Apply Paste Formula
- ▼ Safe for All Metals

▼ Tapzol

A formulation of high anti-weld compounds offers increased tool life and a fine finish on head-to-head machining of ferrous and non-ferrous metal alloys.

- ▼ Mineral Oil-Based Formula
- ▼ Leaves a Light, Oily Film for Rust Protection
- ▼ Use in Production Applications
- ▼ Safe for All Metals
